

## The Spin

No two are the same. And you can create your own version by bending the ends of the hand-welded loops to create a unique play of light. From actress-designer Lekha Washington's Aji - The Odd Product Company, it is a "horizontal tornado of spinning tungsten bulbs" that plays with movement, "illustrating motion with fluid form". Ideal to bring in some fun. Priced at ₹33,000, it is available on [ajji.in](http://ajji.in).

From bend-as-you-like-'em lights to ones that multi-task, four pendants you need in your living room

# Hang tight

Yes, well-crafted furniture always makes a big difference to a room. But what many do not realise is the impact the right lighting, and light fixture, can have. Be it wall scones, recessed or floor lamps, they help create moods and highlights. This summer, we suggest you invest in pendant lights – from stunning blown-glass options to airy designs that bring in a touch of quirk. Here are four to get you started:

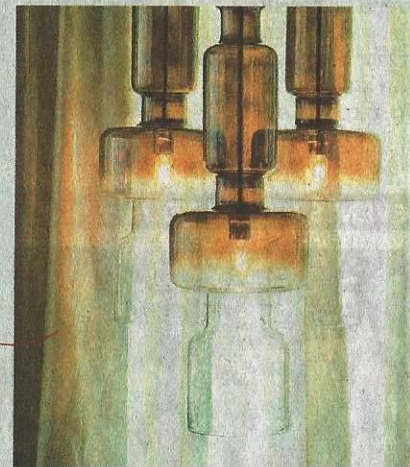

## The Willow

Bring a splash of light, and a pop of green, to dark corners with this sleek design. From The Purple Turtles, the Bengaluru-based home décor store, the metal-and-glass pendant can house plants at its base, helping you bring a bit of the outdoors indoors. Compatible with both LED lights and incandescents. Priced at ₹6,806, it is available on [thepurpleturtles.com](http://thepurpleturtles.com), 48590912.

## The Pillar

Inspired by the traditional Indian *matka* (clay pot), the lamp from Klove, one of India's leading lighting companies, is a conversation starter on its own. Available in stainless steel and hand-blown glass, it comes in two sizes: 1,162 mm (3.8 feet) and 901 mm (2.9 feet) height. You can also customise the finish and colour of the lamps. Priced at ₹1,35,000, get it at the New Delhi store (09711470985) or on [klovestudio.com](http://klovestudio.com).

## Vintage Fan Five-Light

Handmade to mimic the vintage fan, this five-light pendant is versatile enough for any living space. Made from steel, the hand-finished frame in antique gold can be customised. And while the chain and canopy are included, the 40W incandescent lights are not part of the fixture. Priced at ₹6,975, buy it on [foslighting.in](http://foslighting.in).
